EDUCATION

LOVELY PROFESSIONAL UNIVERSITY, Phagwara, Punjab **2023-2027**

B. Tech Computer Science and Engineering CGPA – 7.42/10

Dynamic and driven third-year B-Tech student at Lovely Professional University, majoring in Computer Science Engineering. Passionate about software development and eager to expand my knowledge in web development. Actively learning multiple programming languages to enhance my skills and develop different projects to solve problems in an effective manner.

VIDYASAGAR SHISHU NIKETAN, Midnapore West Bengal **2022-2023**

Higher Secondary

PROJECTS

Virtual Zoo | Alpha Safari **July 2025**

Website development **Link**

- Developed an interactive **Virtual Zoo** application to aid alphabet learning by exploring various animals, their characteristics, and associated audio descriptions.
- Implemented features for real-time data retrieval, including **search** and **filter** functionalities based on **animal names** they represent.
- Engineered a secure authentication system with **user registration**, **login**, and **password** reset flows, utilizing **JWT** for secure data exchange.
- Designed and deployed a full-stack application with a responsive user interface using React and Styled Components, with the backend built on Node.js and Express

Skills: React, Node.js, Express, MongoDB, Vercel.

Online CGPA Calculator | Insti-CGPA **June 2024**

Webpage development

- Engineered an innovative **Ed-Tech platform** tailored to Lovely Professional University's (LPU) grading system, empowering students to **learn, teach, and collaborate** seamlessly.
- Developed **CGPA Booster** to bridge the critical gap between students and vital study resources, enhancing academic performance and knowledge-sharing.
- Utilized **HTML5, CSS, and JavaScript** to build a user-friendly and interactive web application, ensuring accurate CGPA calculations.
- Designed a scalable and responsive interface from the ground up to meet the diverse needs of students and improve resource accessibility.

Skills: HTML, CSS, JS.

CERTIFICATES/ACHIEVEMENTS

- **Top 3 in GirlScript Summer of Code**: Ranked among the top 3 participants in a highly competitive national open-source program.
- **Top 50 in Social Summer of Code**: Achieved a top 50 ranking in the Social Summer of Code open source contribution.
- **NPTEL Certificate**: Successfully completed the NPTEL certification course in Cloud Computing.
- **5-Star Java HackerRank**: Achieved a 5-star rating in Java on HackerRank, demonstrating strong proficiency and problem-solving skills.
- **50-Day LeetCode Badge**: Earned a 50-day streak badge on LeetCode, showcasing consistent dedication and commitment to improving algorithmic and data structure skills

TECHNICAL SKILLS

- **Programming Languages:** C++, C, Java, JavaScript
- **Web Technologies:** MERN Stack (MongoDB, Express, React, Node.js), Next.js
- **Databases:** MongoDB, SQL
- **Tools & Version Control: Git, GitHub**
- **Cloud & Deployment: Vercel**
